

FEDERAL SERVICES

January 1, 2016

Dear Customer,

Please be advised that the National Institute for Truth Verification Federal Service (NFS) is the **Sole Source** for the Computer Voice Stress Analyzer II (CVSA[®] II) and its training programs.

NFS is the exclusive manufacturer/distributor of both the CVSA[®]/CVSA[®] II and has no US distributors. The CVSA II incorporates two US Patents: US Patent Number 7,321,855 "*Method for Quantifying Psychological Stress Levels Using Voice Pattern Samples,*" and US Patent Number 7,571,101 "*Quantifying Psychological Stress Levels Using Voice Patterns.*" NFS is the only Voice Stress Analysis (VSA) manufacturer holding patents for its VSA technologies. The **FACT[®] Scoring System** is only offered by NFS, and can precisely quantify stress in the human voice and evaluate CVSA examination charts as Deceptive or Non-Deceptive with an accuracy level greater than 98%. Additionally, the CVSA is an approved GSA item for all US Federal Agencies, has been approved by the US Federal Court System, and is used by approximately 2,000 US and International Law Enforcement Agencies as well as elements of the US Military and other US Federal Agencies.

For more information please visit our company website at www.cvsal.com.

Sincerely,

James A. Kane
Executive Director

Lie Detection Training using the **COMPUTER VOICE STRESS ANALYZER® (CVSA® II)** 5-Day CERTIFIED EXAMINERS COURSE

The CVSA® II Instrument is used to Identify Deception, Validate Truths and Solve Crimes.

Upcoming Class
Hosted by: Plainfield Police Dept.
Indianapolis, IN area

June 25-29, 2018
Recertification class June 26-28

To register go to <http://www.cvsa1.com/Trainingenroll.htm>

The CVSA II is used by over 2,000 local, state and federal agencies, as well as by ICAC Task Forces, US Military Special Operations and Intelligence Units. The CVSA is the only voice stress analyzer with Voice Imaging™ Technology, Report Auto-Write, and a Patented scoring algorithm. Using the CVSA in conjunction with NITV Federal Services' widely acclaimed Defense Barrier Removal® interview technique (DBR®) you will find the results are swift and dramatic.

The CVSA® requires no wires to be attached to the subject being tested and only uses a microphone plugged into the computer to analyze the subject's responses. Unlike the polygraph, drugs do not affect the results of the exam. There are no known counter-measures that will cause the ubiquitous "inconclusive" results associated with the polygraph. Learn about CVSA and Polygraph cases at <http://www.cvsa1.com/News.htm>

Our mission is to develop the latest in truth verification instruments to identify the guilty and absolve the innocent. NITV FS is the manufacturer and sole source for the patented Computer Voice Stress Analyzer® II with the Final Analysis Confirmation Tool® (FACT®) scoring algorithm. U.S. Patent Numbers 7,321,855 and 7,571,101. The FACT was tested by major metropolitan law enforcement agencies and found to be 98% accurate in a peer reviewed study.

Find out why over 2,000 Law Enforcement Agencies use the CVSA®

Please contact NITV Federal Services at
888-266-7263 or email nitvfs@cvsa1.com and visit NFS website at www.cvsa1.com

Excellence in Technology, Training and Service®

Sole Source Letter

Dear Customer,

Please be advised NITV Federal Service (NFS) is the **Sole Source** for the Computer Voice Stress Analyzer III (CVSA® III), the CVSA® II, the CVSA®, as well as all manufacturer-approved certification training programs related to any version of the CVSA®.

NFS is the exclusive manufacturer/distributor of the CVSA® III, CVSA® II, and CVSA® and has no US distributors. Both the CVSA® III and CVSA® II incorporate version-unique and specialized processes protected by two US Patents: US Patent Number 7,321,855 "Method for Quantifying Psychological Stress Levels Using Voice Pattern Samples," and US Patent Number 7,571,101 "Quantifying Psychological Stress Levels Using Voice Patterns."

NFS is the only Voice Stress Analysis (VSA) manufacturer holding patents for its VSA technologies. The FACT® scoring system is exclusively offered by NFS, and can precisely quantify stress in the human voice to evaluate CVSA® examination charts as Deceptive or Non-Deceptive with an accuracy level greater than 98%. Additionally, the CVSA® is an approved GSA item for all US Federal Agencies, has been approved by the US Federal Court System, and is used by approximately 2,000 US and International Law Enforcement Agencies, as well as elements of the US Military and US Federal Agencies.

For more information please visit our website at www.cvsa1.com or contact us by calling (561) 798-6280.
